LOVE BESIDE ME
Artist: Sarah McLachlan
Album: Shine On (2014)

Tone: E

(Intro)
(Em, G, C) 2x

(Part 1)
Em   **G**   **C**
I know now there's no one here to blame
                                          Em
I could but what good would that do
                          G   **C**
It wouldn't change a thing
C   **Em**
     So I grew accustomed to the shame
                          G   **C**
The sharp sting of your poison
                          D   Em
Trying so hard to erase
          G   **D**
All the good in me

(Chorus)
              C   **Em**
If this is love beside me
       G   **D**
I'm working on forgiveness
              Am   **Em**
Laying the past down behind me
G   **D**   **C**
Letting go the ways that I've been hurt
          Em   **G**
Let the rivers rise and rage
                  D   **Am**
I'll try and stand with grace
              C
If everything is love

(Em, G, C, D) (Em, G, C)

(Part 2)
Em   **G**   **C**
In the end the war had left us broken
              D   **Em**
Mourning all the things I'd lost
                      G   **C**
The debts I couldn't pay
C   **D**   **Em**
     But I didn't want to disappear
                          G   **C**
I was caught in TV static
              D   **Em**
Sinking into grey
              G   **D**
No more to give away

Sarah McLachlan

(Chorus)
```
            C         Em
If this is love beside me
       G          D
I'm working on forgiveness
           Am          Em
Laying the past down behind me
G               D               C
Letting go the ways that I've been hurt
          Em            G
Let the rivers rise and rage
              D         Am
I'll try and stand with grace
         C
If everything is love
```

(Solo)

```
Ohh…
(F, G, Am, C, Em, C, Em, D)
```

(Chorus)
```
            C         Em
If this is love beside me
     G          D
I'm working on forgiveness
           Am          Em
Laying the past down behind me
G               D               C
Letting go the ways that I've been hurt
          Em            G
Let the rivers rise and rage
              D         Am
I'll try and stand with grace
Em    G   D
    Ohh…

            C         Em
If this is love beside me
G     D
Ohh…
            C         Em
If this is love beside me
G     D
Ohh…
          Em               C
This is love beside me
